

S.H.E ON STANDBY Company Profile

About Us

S.H.E ON STANDBY is a leading provider of Safety, Health, and Environmental (SHE) training and consultancy services, dedicated to enhancing workplace safety and compliance.

OUR MISSION is to equip individuals and organizations with the necessary skills, knowledge, and resources to create safe and healthy working environments. With a strong commitment to industry standards, we are proud to be HRDC-accredited to offer high-quality SHE training courses.

OUR ACCREDITED COURSES

We offer internationally recognized and HRDC-accredited training programs, designed to empower professionals in SHE compliance and best practices.

Our accredited courses include:

- **First Aid:** Equipping individuals with life-saving skills for emergency response.
- **Fire Safety:** Understanding fire prevention, control measures, and emergency response.
- **SHE Representative Training:** Training workplace safety representatives to champion SHE compliance.
- **Hazardous Substances Management:** Safe handling, storage, and disposal of hazardous materials.
- **Workplace Wellness & Mental Safety Master Class:** Promoting mental well-being and wellness in high-pressure work environments.
- **SHE Mentorship Sessions:** Providing expert guidance and mentorship in SHEQ leadership and regulatory compliance

Our Additional Services

Beyond training, S.H.E on Standby offers a range of SHE consultancy services tailored to businesses and organizations seeking to improve safety compliance and workplace efficiency.

Our services include:

- **Workplace Inspections & Audits:** Assessing compliance with SHE regulations and industry best practices.
- **Policy Development:** Crafting and implementing SHE policies aligned with regulatory requirements.
- **SHE File Creation & Management:** Organizing essential SHE documentation for easy compliance tracking.
- **Development of SHE Compliance Documents:** Ensuring all necessary SHE paperwork meets legal and industry standards.
- **Risk Assessment & Emergency Response Plans:** Identifying potential hazards and developing robust emergency response strategies.

Why Choose Us?

- **HRDC Accredited Courses:** Our training programs meet national standards and industry requirements.
- **Industry Expertise:** Led by experienced professionals in safety, health, and environmental management.
- **Customized Solutions:** Tailored services to meet the unique needs of various industries.
- **Commitment to Excellence:** We prioritize quality, compliance, and continuous improvement.
